RACE PROCEDURES, BREAKOUT RULES (Page 28) (3/20/2018)

Breakout rules are enforced as follows: Contestants who race below their dial-in or posted index (subject to performance barrier rules listed under Class Designations) during eliminations are disqualified, with the following exceptions:
1. When an opponent foul starts or crosses a boundary line.
2. On a single run.
3. When both drivers run under their dial-in or indexes, the driver who is the least under is the winner.
4. If two contestants run under by the same margin (with elapsed times extended to a thousandth of a second), the driver crossing the finish line first is the winner.

Drivers who run under the applicable 12.50, 8.50, or 7.50 elapsed time barriers, as outlined in CLASS DESIGNATIONS, are disqualified from the event and are subject to additional penalties in the sole and absolute discretion of NHRA.

See individual classes for breakout limits

Any competitor running quicker than 7.50 e.t. in the eighth-mile or 4.10 e.t. in 330 feet or faster than 85.00 mph at any time during eliminations will be disqualified from the event.
